FIRST ANNOUNCEMENT

International Congress of Engineering Sciences

CICI 2027

July 13-14, 2027 | Latacunga, Ecuador

Organized by Universidad Tecnica de Cotopaxi (UTC), Ecuador

About the Conference

The International Congress of Engineering Sciences (CICI 2027) will bring together researchers, academics, professionals, and students to present and discuss recent developments, applications, and emerging technologies across engineering disciplines. The congress will promote scientific exchange and collaboration in areas related to intelligent engineering systems and industrial digital transformation.

Conference Chair

Jose E. Naranjo
Universidad Tecnica de Cotopaxi, Ecuador

Main Topics

- Artificial Intelligence and Optimization in Engineering Systems
- Internet of Things and Digital Twins
- Industrial Automation and Intelligent Control
- Extended Reality and Immersive Technologies in Engineering
- Robotics and Intelligent Systems
- Smart Manufacturing and Industry 4.0
- Cyber-Physical Systems
- Energy Systems, Renewable Energy and Smart Grids
- Data-Driven Engineering and Industrial Digital Transformation
- Engineering Education and Emerging Technologies

Scientific Committee

Jose E. Naranjo, Universidad Tecnica de Cotopaxi, Ecuador; Marcelo V. Garcia, Universidad Tecnica de Ambato, Ecuador; Hector Luis Laurencio Alfonso, Universidad Tecnica de Cotopaxi, Ecuador; Secundino Marrero-Ramirez, Universidad Tecnica de Cotopaxi, Ecuador; Yoalbis Retirado Mediaceja, Universidad de Moa, Cuba; Gabriel Crespi, Universidad Nacional de La Plata, Argentina; Marcelo Tittonel, Universidad Nacional de La Plata, Argentina; Leonardo Carvajal, Universidad Catolica Andres Bello (UCAB), Venezuela.

Expected attendance: approximately 200 participants
Venue: Universidad Tecnica de Cotopaxi, Latacunga, Ecuador
Conference dates: July 13-14, 2027

This first announcement provides preliminary information for CICI 2027. Additional information regarding submissions, registration, program, and participation will be announced as the conference organization progresses.
